

STLTONEHUB

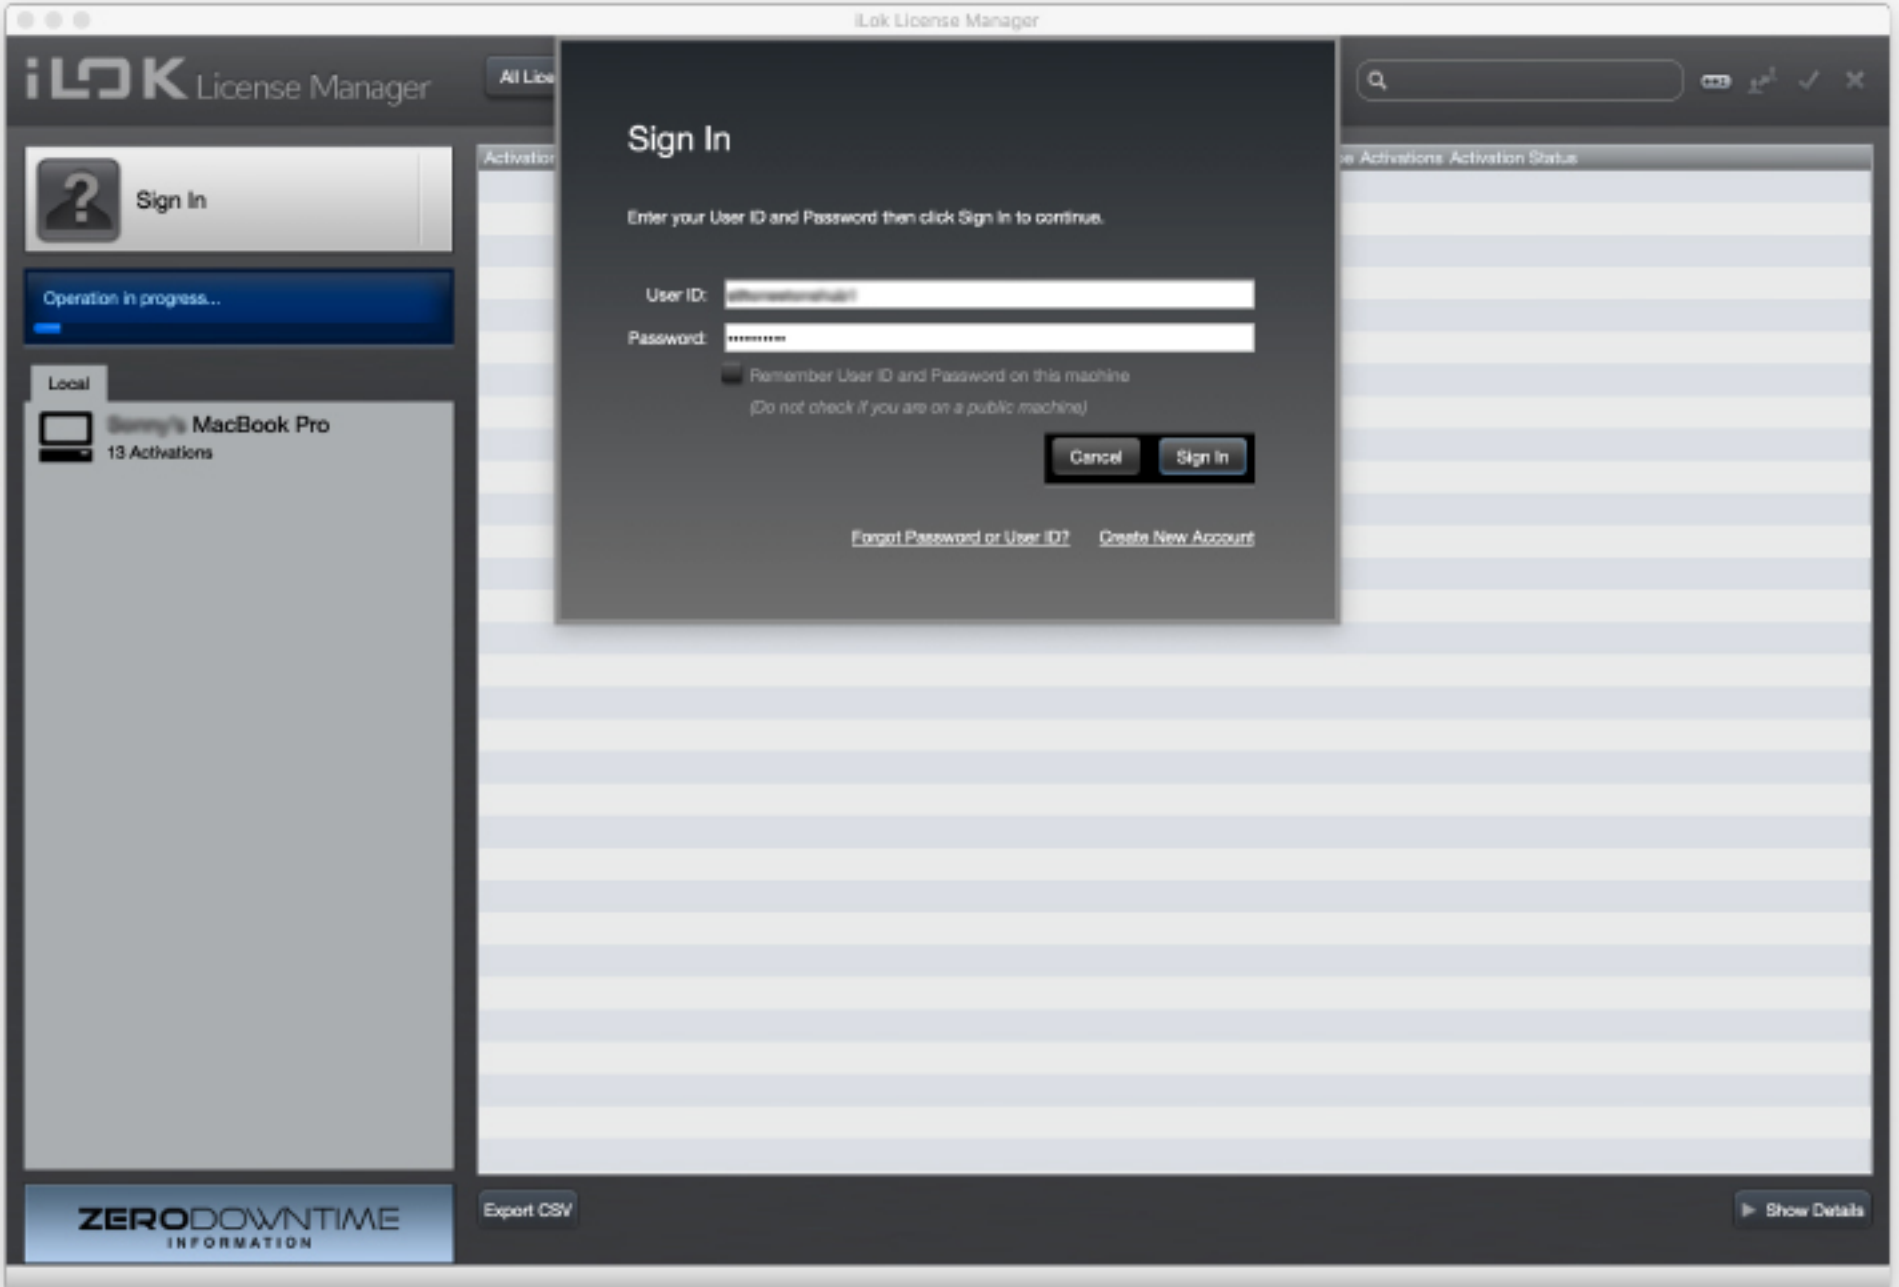

PRESET PACK INSTALLATION INSTRUCTIONS

Step 1: download your ToneHub Artist Preset Pack Installer that is sent to you via email. Both PC and Mac versions are in the same download folder.

Step 2: run the Preset Pack Installer.

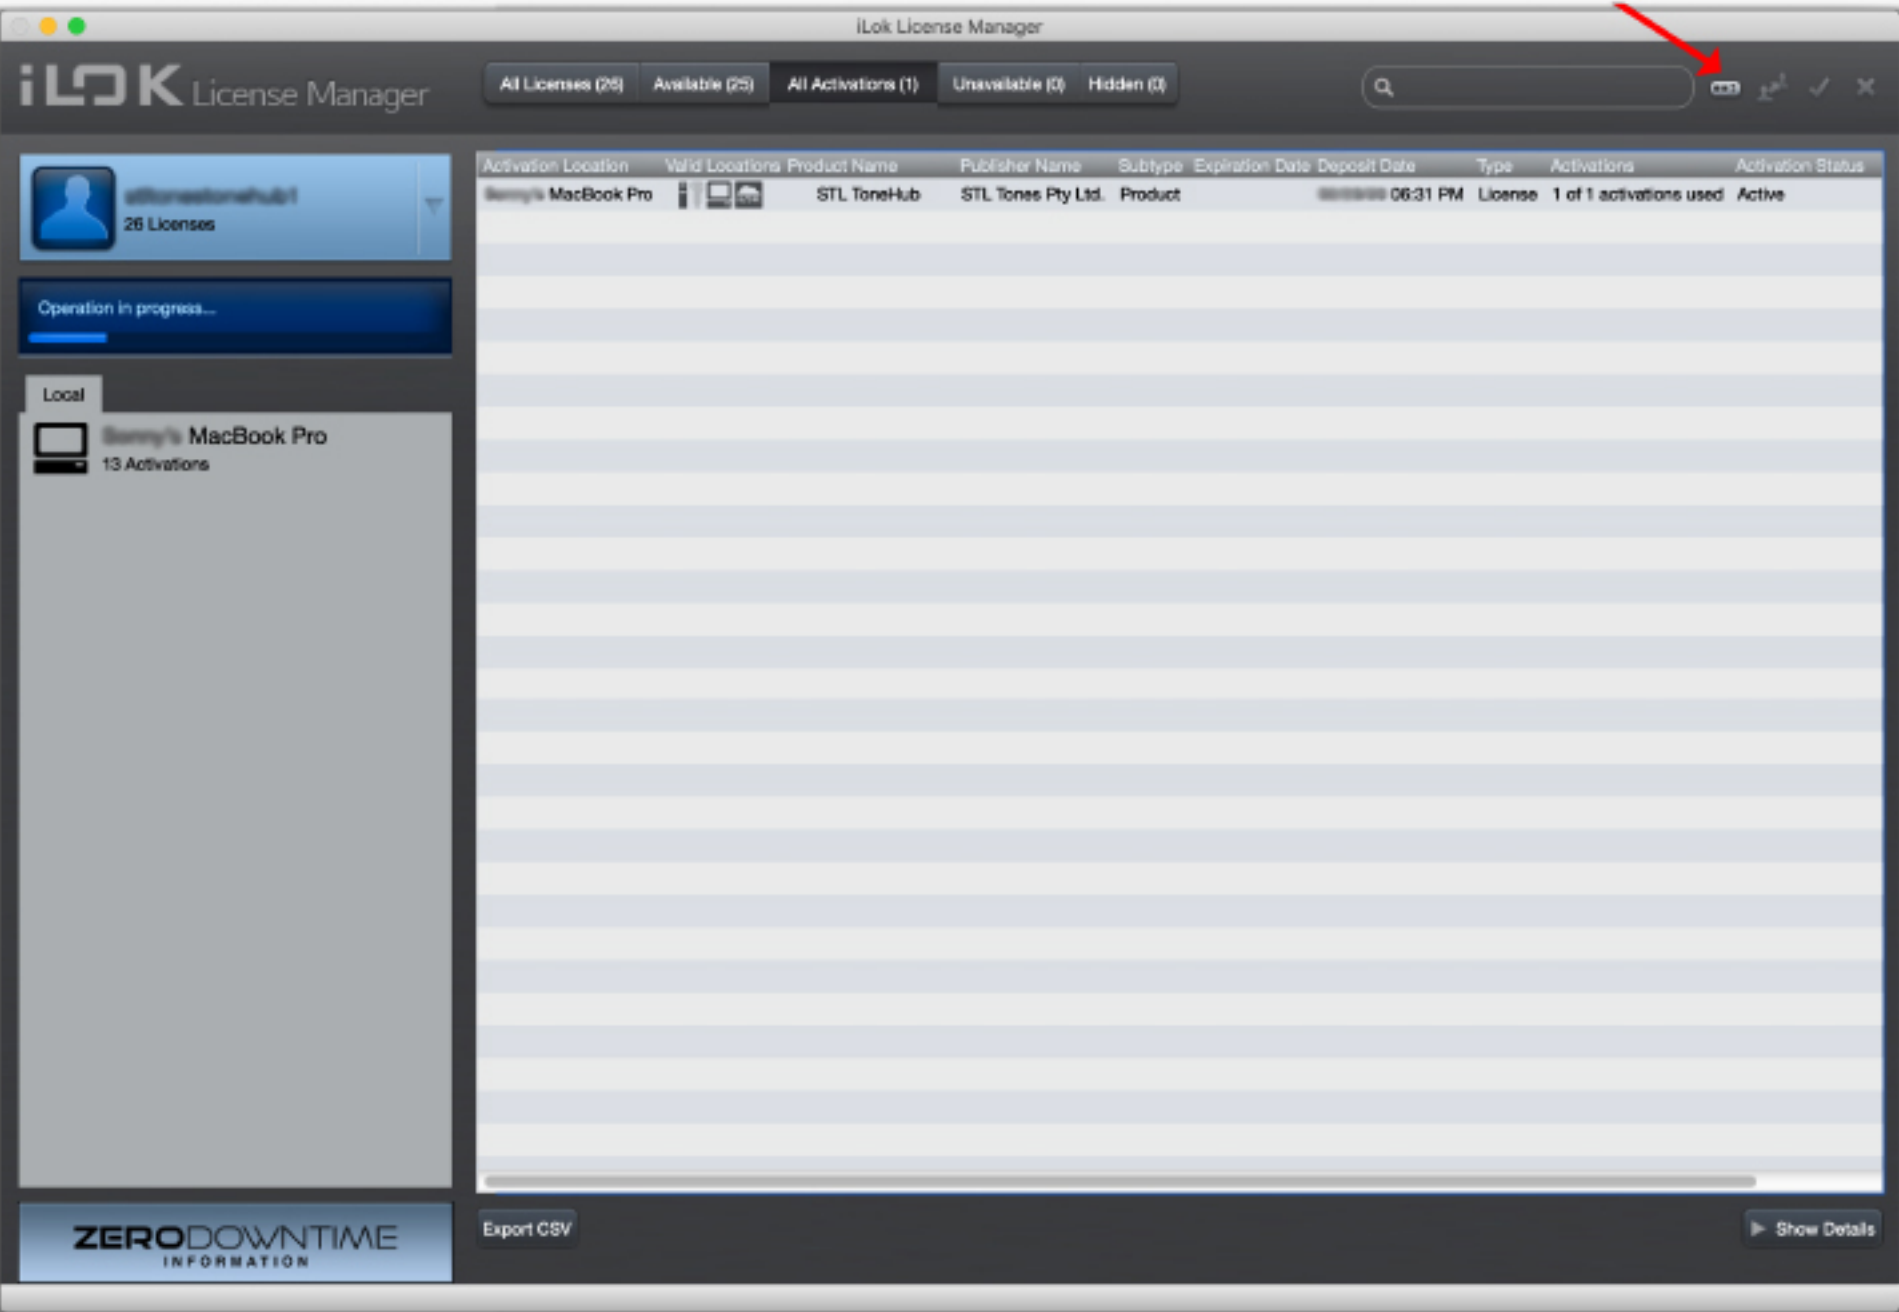

Step 3: if your DAW or the Standalone Application is open, please close it.

Step 4: open iLok License Manager which can be downloaded for free from www.ilok.com. Now click the Sign In button on the top left.

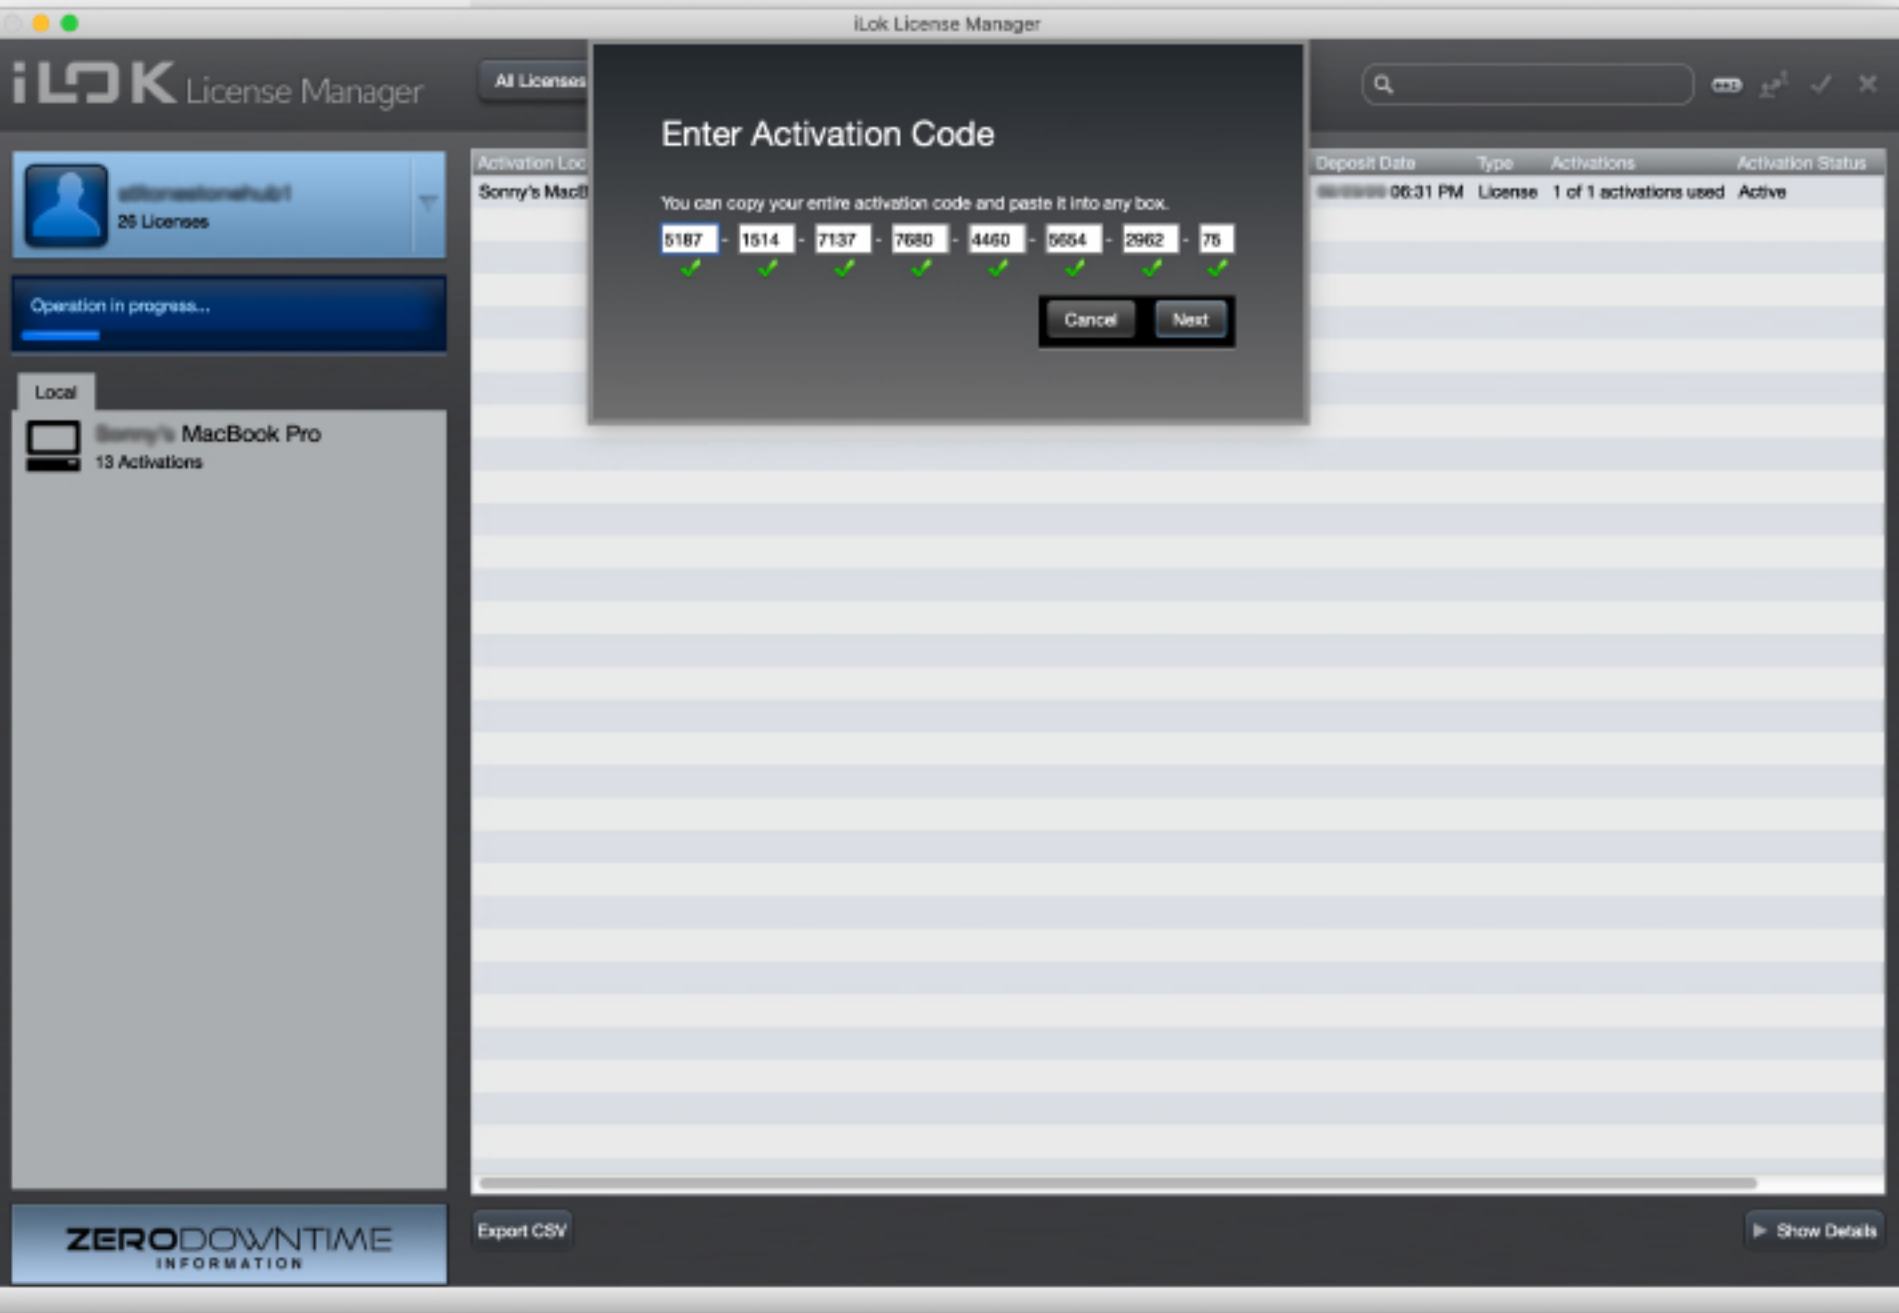

Step 5: locate your activation code which is sent to you via email. If you have created a user account on the www.stltones.com website, you can also find it there.

Step 6: click the two dots up the top right-hand corner within the iLok License Manager.

Step 7: once your code has been entered, click the Next button.

Step 8: select where you would like to activate your Preset Pack License to. Here you can select to activate to your computer, iLok Cloud, or your physical iLok USB dongle.

Step 9: open your DAW, and your pack will now be readily available to use within the STL ToneHub plugin.
